Aspirations

Diversified group

in mechanical and vehicle engineering

Technological leadership

for a strong market position

Solid balance sheet

for long-term, industrial independence

Decentralised responsibility

for products, markets and results
in the divisions; centrally co-ordinated

Strengthening

of divisions

Increase in enterprise value

(RONOA > WACC)

Principles

High level of independence for divisions

- No competition for resources and responsibilities
- Exchange of experiences on specialist topics

Leadership by

- Strategic planning
- Key financial figures
- Standardised values and prescribed governance requirements
- Division management appointments
- Selected, operational projects

Lean corporate centre structure

- With approx. 30 employees

Good result despite lower demand

Group: 2019 at a glance

Slight 1% increase in sales over the excellent previous year, operating profit margin of 9.2% fell slightly short of the 2018 level

- **Kuhn Group:** Difficult situation in the North American market, sales and operating profit margin slightly lower than in the previous year
- **Bucher Municipal:** Sales at the same high level as previous year despite weaker demand
- **Bucher Hydraulics:** Sharp drop in demand after exceptionally dynamic previous year, slight increase in sales
- **Bucher Emhart Glass:** Trend toward increased use of glass containers, sales and operating profit reached record high
- **Bucher Specials:** Challenges for Bucher Unipektin, positive development in the other business units

Key investment projects

Fixed and intangible assets

Kuhn Group

“MGM Monswiller” extension
near Saverne, France

Doubling of production halls in
response to growing need for large
agricultural machinery. Expected to be
completed during summer of 2020.

Bucher Municipal

Production extension in Ventspils,
Latvia

Assembly line built specifically for the
serial production of the new
“CityCat V20e” at the compact
sweeper production site.

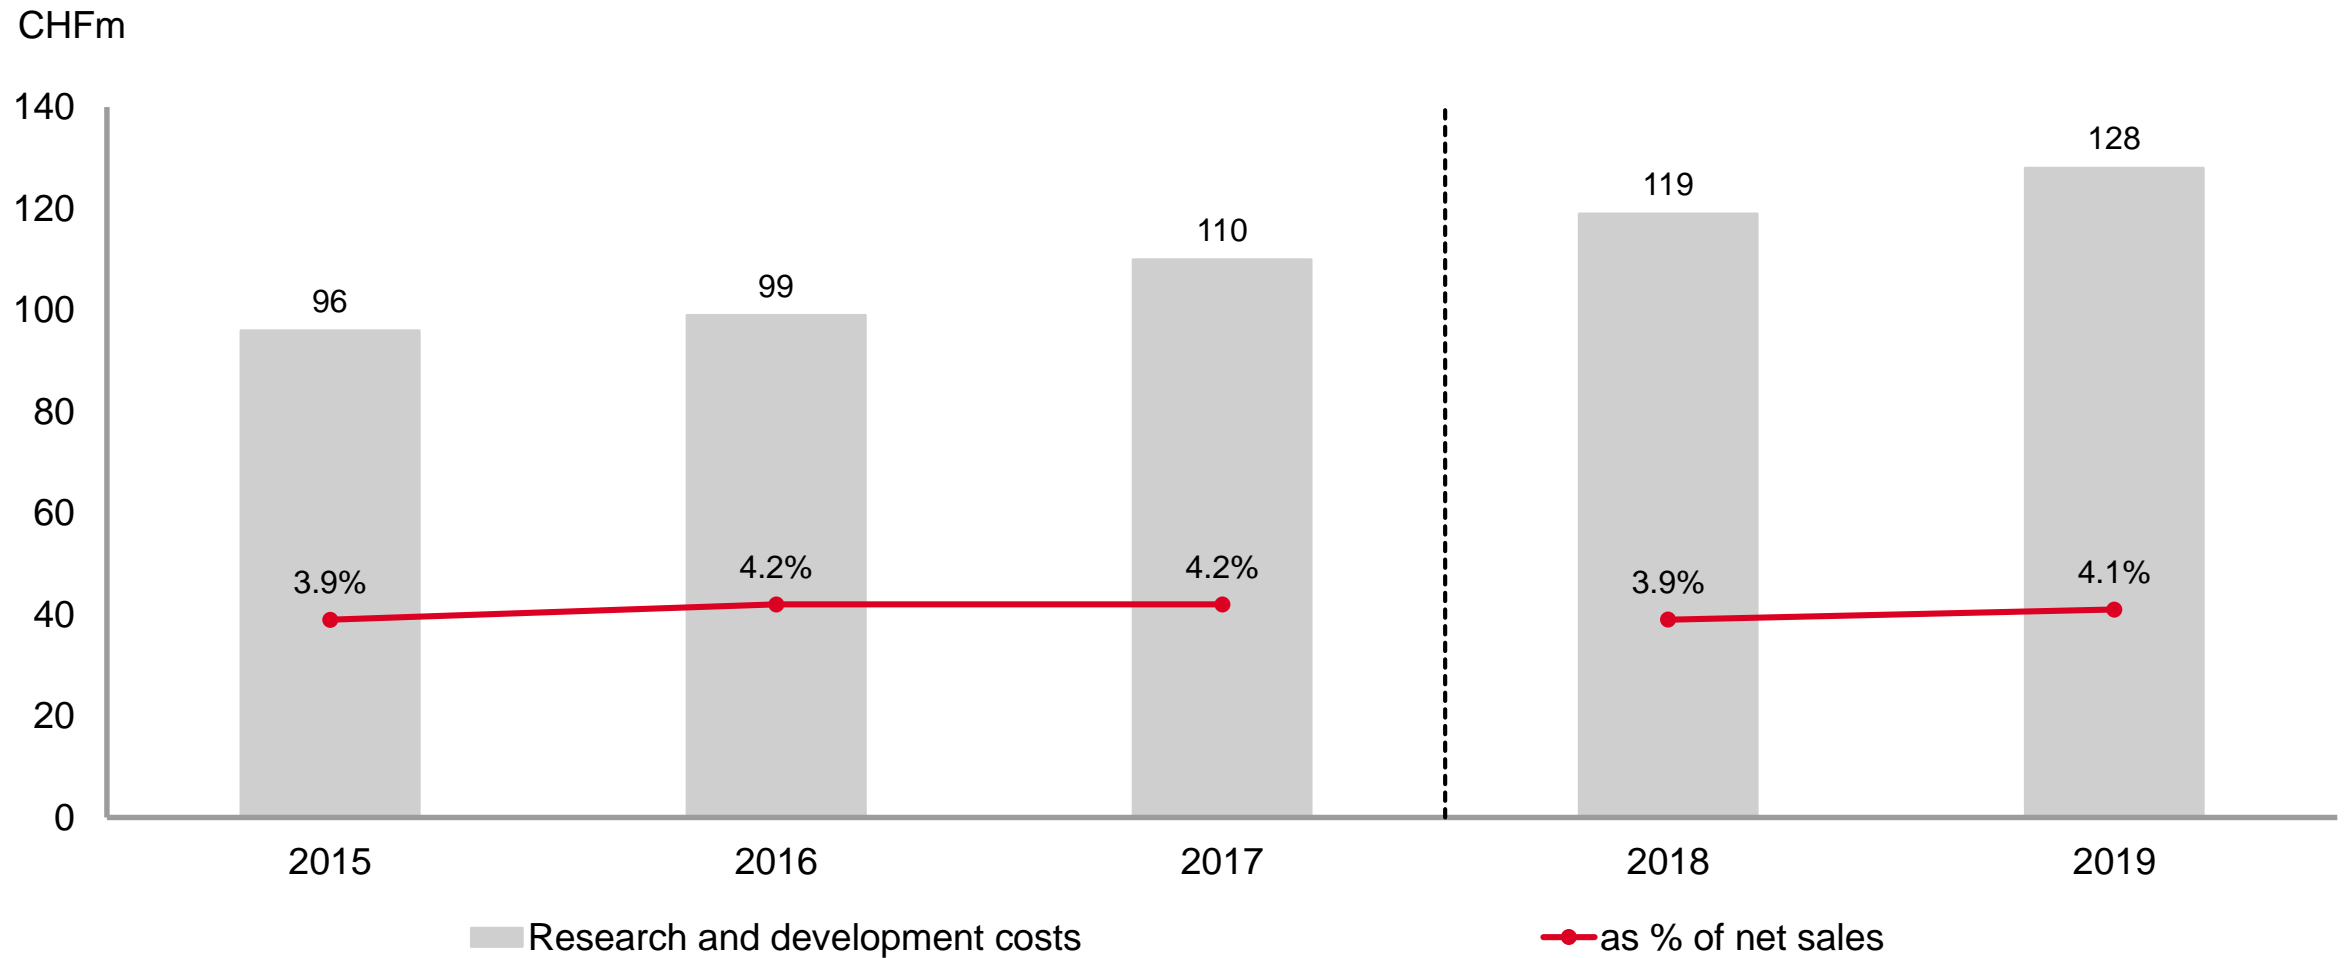

Bucher Hydraulics

Expansion of production capacity in
Gurgaon, India

Further development of a new
product line for less demanding
applications in the lower price
segment.

Research and development costs

Selected development projects

Bucher Municipal

Electrification of all product groups

“CityCat V20e”: Battery is based on the latest technology and has been specially developed for use in this compact sweeper.

Bucher Hydraulics

Innovative axial piston line
AX pumps and AX motors

The AX series offers an exceptionally high efficiency rate in a wide range of rotational speeds as well as low-speed, smooth, accurate movements.

Bucher Vaslin

“Maestro”: Add-on to the
“Bucher XPert” grape press

“Maestro” controls all four phases of a complete cycle, improves productivity and delivers extensive information about the pressing process.

- Expansion of Bucher Municipal Asia
- Selected acquisitions

Slight improvement expected in North America

Kuhn Group: Outlook for 2020

Another challenging year

- North America: Marginal improvement from current very low level
- Europe: Dairy and livestock sector satisfactory; arable sector negatively impacted by unfavourable weather conditions and uncertainties about geopolitical and agricultural policy developments
- Brazil: Ongoing positive development

Strategic focus

- Large machines for large farms
- Digital solutions for precision farming and customer retention
- Close to customers in key markets and production centres in Brazil and Russia

For the time being, the evolution of the COVID-19 pandemic is unclear and the effect on Bucher Industries' business is unpredictable. A guidance for 2020 is presently not possible, and the outlook issued on 4 March 2020 is hence repealed.

2020: Somewhat lower sales year on year and slightly higher operating profit margin thanks to a marginally improved US market

Positive effects from integration and innovation

Bucher Municipal: Outlook for 2020

Demand weaker than good previous years but still high

Europe influenced by uncertainties associated with Brexit

Strategic projects initiated

- “One company – one brand”
- Integration of acquired companies: Zynkon and Eurovoire
- Launch of “CityCat V20e”
- Greater efficiency due to modular

For 2020:

For the time being, the evolution of the COVID-19 pandemic is unclear and the effect on Bucher Industries' business is unpredictable. A guidance for 2020 is presently not possible, and the outlook issued on 4 March 2020 is hence repealed.

2019 and operating profit margin slightly higher due to cost
reductions and streamlining of the product range

Decline in demand on a high level

Bucher Hydraulics: Outlook for 2020

Further downward trend in hydraulics market

Flexible cost structure adapted to lower business volume

Investments in the future

- Development of new AX axial piston line, particularly suitable for electrohydraulics
- Ongoing expansion of the product line in the lower price range
- Increasing focus on electrohydraulics

For 2020: Decline in sales volume, margin lower than in 2019, and a single-digit percentage figures and operating profit

For the time being, the evolution of the COVID-19 pandemic is unclear and the effect on Bucher Industries' business is unpredictable. A guidance for 2020 is presently not possible, and the outlook issued on 4 March 2020 is hence repealed.

Normalisation of demand at very high level

Bucher Emhart Glass: Outlook for 2020

Normalisation of demand following extraordinary momentum of the last two years, business volume continuing at good level

- Record high order book
- Very good utilisation of production capacity

Further strengthening of market position

- Construction of first complete “End to End” prod.
- Expansion of services, e.g. “Training

For 2020: Sales are expected to be in line with the previous year and operating profit margin lower than the previous year. **For the time being, the evolution of the COVID-19 pandemic is unclear and the effect on Bucher Industries' business is unpredictable. A guidance for 2020 is presently not possible, and the outlook issued on 4 March 2020 is hence repealed.**

Moderate sales growth expected

Bucher Specials: Outlook for 2020

Solid development

- Bucher Vaslin: Neutral development in main markets, demand on par with the previous year
- Bucher Unipektin: Slight recovery in sales, positive contribution from acquisition of I...
- Bucher Landtechnik: Performance expected to remain solid despite agricultural uncertainties
- Jetter: Further slight growth, supported by the full... of Elan Systems

For 2020: Moderate sales growth expected, similar to 2019, but operating profit margin from low level seen in 2019

For the time being, the evolution of the COVID-19 pandemic is unclear and the effect on Bucher Industries' business is unpredictable. A guidance for 2020 is presently not possible, and the outlook issued on 4 March 2020 is hence repealed.

Operating profit margin expected to be stable, sales slightly lower

Group: Outlook for 2020

- **Kuhn Group:** Sales somewhat below 2019, slightly higher operating profit margin thanks to marginal recovery in the USA
- **Bucher Municipal:** Sales in line with previous year and slight increase in operating profit margin
- **Bucher Hydraulics:** Decline in sales in the high single-digit percentage, operating profit margin
- **Bucher Emhart Glass:** Sales in line with 2019 year after adjusting for one-time effect
- **Bucher Specials:** Marginal recovery and recovery of operating profit margin from previous year

For the time being, the evolution of the COVID-19 pandemic is unclear and the effect on Bucher Industries' business is unpredictable. A guidance for 2020 is presently not possible, and the outlook issued on 4 March 2020 is hence repealed.

2020: Sales slightly below record figure of 2019, operating profit margin in line with 2019, lower profit for the year
